Your Worship:

I write to you today to follow-up on our written and electronic correspondence dated December 24, 2008, June 2, 2009, June 16, 2009, June 26, 2009 and July 13, 2009.

As you may know, the Toronto Port Authority is anxious to meet with you and your key team members to deal with the every-increasing list of items of mutual interest. Some are of a “business nature”, while others are more legal and/or technical. I have taken the liberty of attaching this list as an appendix to this letter; if there are topics or items that are of relevance to you and are not on this list, we would naturally welcome any and all additions.

I understood from your staff that you had held off considering our most recent request for a meeting until a settlement with City staff had been reached. With that now behind us, I hope you will consider addressing this at your earliest opportunity.

Thank you, in advance, for your consideration. I hope that we will have the chance of meeting with you and addressing all of these matters in a timely fashion.

Respectfully,

TORONTO PORT AUTHORITY

Mark McQueen
Chairman
