<b>Project Title:</b>	
Proposed Noise Barriers and Engine Run-Up Enclosure	
Date modified: 2011-03-24	
<b>Environmental Assessment Start Date:</b>	March 24, 2011
<b>Proponent:</b>	Toronto Port Authority ("TPA")
<b>TPA File Number:</b>	2011-001
<b>Project Description:</b>	The TPA proposes to construct and operate noise barriers and an engine run-up enclosure at the Billy Bishop Toronto City Airport ("BBTCA") that would manage noise levels from aircraft ground level activity at the BBTCA.
<b>Upcoming Opportunities for Public Input:</b>	A draft environmental assessment screening report will be available for public review and comment. This report should be available mid April, 2011. Presentation of findings at a public event is anticipated for May 2011. Comments are welcomed at <a href="mailto:ea-comments@torontoport.com">ea-comments@torontoport.com</a>
<b>Reason for Trigger:</b>	The Toronto Port Authority is the proponent of this proposed project.
<b>Federal Responsible Authorities:</b>	N/A
<b>Current Status of Project:</b>	Screening level environmental assessment has commenced.
<b>Date of Decision:</b>	N/A
<b>Available EA Documentation:</b>	Draft EA screening report will be available in mid April, 2011.
<b>Follow-up Program:</b>	N/A at this time.

<b>Additional Information:</b>	This project has been included on the Canadian Environmental Assessment Registry (CEAR Reference Number 11-01-61208).
